

WHEN COMMUNICATION IS CRITICAL

RA708 SAMARITAN STANDALONE

Weatherproof ruggedised
industrial telephone

OUR RUGGEDISED SAMARITAN TELEPHONE DESIGNED FOR THOSE IN NEED

Communication and 24/7 emotional support is critical for anyone that is struggling to cope, in distress, or at risk of suicide. The **RA708 Samaritan Standalone Telephone** is built to deliver uncompromising communication where they matter the most.

The Samaritan Telephone comes with 3 buttons autodialling options depending on the situation of the individual, these autodialling options are pre-configured before installation at specific sites. For example;

Press 1: To contact the Samaritans

Press 2: In case of a medical emergency

**Press 3: To contact the local authority for assistance/
information**

The RA708 Samaritan Standalone unit is a wireless 4G telephone completely self-sufficient with year round autonomy. Each standalone unit is made up of 5 parts:

- ✓ **GSM High Gain Antenna**
- ✓ **10W Solar Panel**
- ✓ **GSM4 Standalone Green Post**
- ✓ **RA708 4G Telephone with 3 Button and Steel Cord**
- ✓ **3.7V, 33Ah Battery**

DAC's Asset Management Software (AMS) can be integrated with the Samaritan Telephones for real-time data to support preventative and predictive asset maintenance. This allows operators to identify potential failures before they occur. This reduces unnecessary maintenance visits, lowers costs, and helps minimise the carbon footprint.

Key Benefits:

- ✓ **Usage Data Monitoring:** monitor signal strength, usage and trends of devices remotely from an online dashboard.
- ✓ **Immediate Fault Notification:** receive instant, event driven alerts from device.
- ✓ **Preventative Maintenance:** identify component degradation before a failure occurs

For more info on AMS please contact sales@daclimited.co.uk
